

# Official Transcript Information

## Transcript Basics

An official transcript is a way for educational institutions to keep a certified statement of your own academic achievement. The Academic Achievement Record, which bears the McGregor High School seal and signature of the counselor, lists your grade for the courses you have completed and what semester they occurred. The document also contains any other status or degree that was attained during your high school career. Transcripts may be received by fax, mail, or in person. Many organizations that pertain to your career and further education typically request authorization of such a transcript. For your protection, we do not allow release of an official transcript until it bears your signature. For minors under the age of 18, the signature of a legal parent or guardian must also request release.

## Processing Transcripts

You may fill in the form online and print the completed document for the required signature. Transcripts will be processed on a first come, first serve, basis and require at least five business days to be evaluated after the request is received. Delays occasionally occur due to mandatory policies and procedures of some educational institutions. *You will not receive notification of either the receipt or the completion of your request. Official transcripts will not be faxed.*

### Events which Prevent Issuance of Transcript

- Holds placed by Administration, Library, or Cafeteria.
- Lack of appropriate signatures on document.
- Insufficient, inaccurate, or illegible identification information.

### End of Semester Grades and Diploma Conferral

Typically, semester grades are available from the school counselor two weeks after the completion of the semester. Diploma conferral statements are recorded to the student's academic record as follows:

- Fall graduates – 3 weeks after course completion and successful TAKS scores
- Spring graduates – 3 weeks after graduation

Requests for transcripts will be held until all end of semester processes have been completed.

### Advising Transcripts

Advising transcripts are intended for academic advising, on-campus use. Currently enrolled students may obtain a copy of their advising transcript, without charge, from the school counselor. Advising transcripts contain the same information as an official transcript; however, the advising transcript not certified as a complete and accurate record. The advising transcript is presented directly to the student and may be duplicated. No advising transcripts will be mailed to any third party regardless of permission from the student or parent.
